

NON-FRATERNIZATION POLICY

It is against the employer's policy for employees to fraternize with tenants.

Employees shall not engage in any business relationships with a tenant, other than that called for by his/her employment, without the permission of the employer. For example, employees should neither loan nor borrow money from a tenant. An employee may not enter into any relationship with a tenant or other person which could create a conflict of interest with his/her position as an employee or which could affect his/her judgment in regard to the treatment of any tenant or any business decision.

A sexual relationship between an employee and a tenant is inappropriate and may result in the employee's immediate termination.

The undersigned has read this policy and agrees to its terms.
